It is accepted that any planning application would be subject of policies in the National Planning Policy Framework (NPPF) and Local Authority Plans, which include Hambleton and North Yorkshire Moors (NYM), and these include policies around the prevention of crime and disorder and ensuring that any new developments are safe for all users.</p> <p>It is noted that the Ingelby Arncliffe pre-submission plan does make reference to both paragraph 91 and 127 of the NPPF, which are relevant in terms of Designing Out Crime. This does not preclude the Neighbourhood Plan from containing a policy in relation to Designing Out Crime and therefore consideration could be given to including such a policy or incorporating wording into an existing policy, such as Policy P4: Key Guiding Principles for Development. An example of suitable wording would be:</p> <p>“Proposals will be expected to demonstrate how the design has been influenced by the need to plan positively to reduce</p> |
