A footbridge over the A19 would be the best solution but it is unlikely the funds required will be made available. The alternative plan to re-route the walk via the Black Swan crossing or via the Tontine flyover would severely damage the economy of Parish businesses.</p>	DC

24/154	North Yorkshire Councillor's Report Councillor Hugill explained the difficult financial situation of the Council. ~ higher demands for adult social care. ~ higher demands for children's special needs, ~ half of the council budget goes on care. ~ councils are reducing the number of buildings to reduce cost, while trying to maintain a presence in each county. More money was needed in many areas to maintain services - particularly in the Care sector. Levelling up meant that some Councils would be required to charge a higher rate of Council Tax than before the Unitary authority was created. Our residents would see an increase of +4.9%. The Locality Budget had been retained and applications for funding would be considered in due course. Councillor Hugill suggested approaching an accountant to look after the PC accounts. HW to speak to a resident who might be willing to take this on.	HW

	DC thanked everyone for their attendance
