

Status of the “NO” responses on the Section 1 – Annual Governance Statement for 24/25

The Parish Council has noted a number of NO responses on its Annual Governance Statement 2024/25. The Parish Council has an obligation to explain its reasoning for the “No” responses and what (if any) changes it intends to make to avoid such responses in the future.

The Parish Council responses will be considered at the Parish Council meeting scheduled for the end of September 2025.

Once the responses are considered and approved by the Parish Council they will be published on the Parish’s website.
