| 138/26 | **Opportunity for comments from members of the public.** Member of public reported back on visit to Stokesley banking hub today, generally positive experience, there are post office and bank services on any day except Monday (if you want to speak to someone from your bank there is a long wait). Agreed that DH will follow up on social value requests with Beyond Housing regarding improvement to entrance to recreation area, central seating area under Beech Tree outside new builds, improvements to kissing gate of Parklands to make access easier. |
| 140/26 | **Coast 2 Coast,** Update bridge over A19, DH put question to Mayor about bridge over A19, this question was published and interest was raised from BBC, Coast to Coast Holiday Company, York Radio and local newspapers. The Mayor expressed concerns about this and said he will contact national highways to resolve problem. DH will contact equestrian organisations and stress this bridge is meant for walkers doing the Wainwright route and suggested the overnight levy could help to raise money. Agreed we no longer needed to make a video of walkers crossing A19 due to raised media awareness. Agreed funding set aside for the video may be put towards a vehicle activated sign. Discussed possibility of slowing A19 speed limit to 50mph around crossing to slow traffic down for walkers, however this can cause problems slowing the flow of traffic. It was reported by resident that walkers are concerned about the extra 5 miles on new route and there have been some near misses so they have advised others on social media sites to stick to old route.<br>DC has been asked by a villager to place a bench that they will provide outside the top of Priory Way.
